Welcome dancers, parents, family, and friends to our 63rd Recital!

Another year has flown by, and it's amazing to be back on stage at the Algonquin Commons Theatre for our recital! I'm so grateful for the opportunity to be surrounded by all our dancers. Whether I'm teaching in the classroom or simply witnessing their growth throughout the year, the studio atmosphere is always inspiring. Dance offers so much more than just new skills, it builds confidence, fosters community among peers, and for adults, what better way to relieve stress and get some fun exercise! Thank you to our dance parents for your dedication and support, and to our dancers for their enthusiasm in class. I hope you enjoy the show, and I can't wait to see your smiling faces back in the studio in September, or even earlier this summer!

SCENE 1 / UNDERWATER KINGDOM

King Triton, the Lord of the Sea, watches over his domain and awakens his underwater world. His youngest daughter, a mermaid named Ariel, sings an exquisite song along with her friend Flounder and the king's advisor Sebastian. Ariel finds a gold locket on the seafloor and opens it to reveal a picture of a young human man. Enamoured, she decides to go to the surface to look for the man in the picture, despite Flounder's & Sebastian's protests.

SCENE 2 / SHIPWRECK

On the surface, sailors are celebrating the day's catch aboard a ship with a young prince named Eric. In awe, Ariel recognizes him as the man from her locket! Ursula, the sea witch, watches Ariel and creates a powerful storm which sinks the sailors' ship. Ariel rescues Prince Eric and carries him to the shore, holding him spellbound with her beautiful voice before returning to the water as a group of villagers approaches. Disoriented, Eric searches for the owner of the voice. Dayna places a spell on the Prince and takes the credit for saving him. (It's really the sea witch, Ursula, in disguise!) He thanks Dayna for her help and is completely taken with her. Ariel watches from the water in sadness.

SCENE 3 / THE SEA WITCH'S OFFER

Heartbroken by what she saw on the surface, Ariel explains to King Triton that she loves Prince Eric. The king reprimands her, telling her she belongs in the ocean. In despair, Ariel searches for Ursula, whom she believes will help her. Flotsam and Jetsam find Ariel and bring her to the Sea Witch. Love gives Ariel the courage to beg Ursula for a human body with legs, and Ursula agrees to make her a potion to give her a human life... at a price. The potion dances around Ariel, giving her human legs but robbing her of her beautiful voice, trapping it in a shell. Although she will move beautifully, every step will cause her pain. Ursula tells Ariel the only way she can regain her voice is if she wins the Prince's heart and marries him. If she doesn't succeed by the first dawn, then she will die with a broken heart. Ariel goes to shore with her human legs but without her voice. Prince Eric returns to the shore, driven by his thoughts of Ariel and their dream-like encounter that he can't get out of his mind. Noticing Ariel, he awakens her. She is overjoyed at the sight of her Prince but is unable to speak to him. Eric tries to communicate with Ariel and as she collapses, takes her back to the castle.

SCENE 4 / THE LAGOON

Some time has passed, and Ariel now lives with the Prince and his family. Unable to speak, Ariel feels suffocated in this new world but forgets her suffering whenever she is around Eric. Even though he does not realize Ariel is the one who saved him in the shipwreck, the Prince finds himself drawn to her, and takes her one evening to the lagoon. They are guided along the lagoon by water nymphs and fireflies, and entertained by the lagoon creatures. Ariel needs Prince Eric to declare his love for her tonight, as time is running out before the potion wears off! As they lean in for a kiss, Eric is distracted by a voice and a woman on shore... it's Ursula, disguised as Dayna and using Ariel's voice! Eric recognizes the voice and goes to her, believing she was the one who saved him. He proposes to Dayna, happy to finally have found the girl from his dream with the beautiful voice.

SCENE 5 / A BEACH WEDDING AND URSULA'S SPELL BROKEN

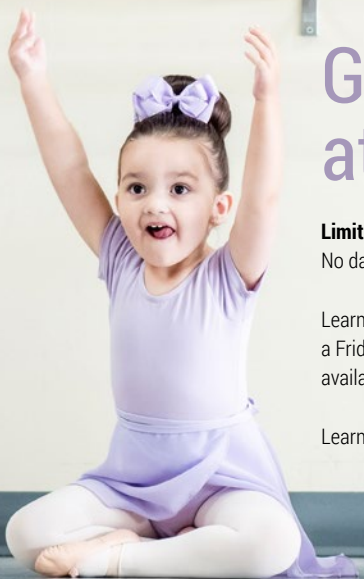

On the beach, preparations for Prince Eric and Dayna's wedding are underway! Sebastian sneaks onto the shore to tell Ariel that Dayna is really Ursula in disguise, showing her the shell with her voice trapped inside. Enraged at her plan going awry, Dayna reveals that she is Ursula the Sea Witch and brews a massive storm to break Ariel and Eric apart. Protecting his daughter, King Triton appears and battles Ursula. Striking his trident three times, King Triton breaks up the storm and banishes Ursula to the depths of the sea, taking away her powers. As Ursula's true form is revealed, the spell is broken and Ariel's voice is returned to her. Prince Eric and Ariel are reunited and he proposes to Ariel, his true rescuer and the owner of the beautiful voice.
